Cherished AMWA members, leaders and supporters,

We are off to a grand start as our centennial quickly approaches. Since our annual meeting in March, we have accomplished many goals including augmenting our focus on disease prevention and wellness promotion through the Preventive Medicine Task Force. We have broadened our scope of outreach to reduce negative trends in disease and to advocate for health and wellness nationwide with state of the art video production with Mission Critical Health. We printed and nationally distributed educational pamphlets and fact papers, and spearheaded local fitness and wellness events. We are strongly advocating for diversity, equal pay and leadership opportunities for women nationwide, and we launched a fellowship program to celebrate distinguished members of AMWA. We are preparing to re-launch the *Journal of the American Medical Women’s Association*, and we are in the early stages of planning an AMWA documentary. We continue to tackle a long list of vital initiatives that serve our mission and vision, including addressing human trafficking, raising alcohol abuse awareness, and promoting women’s health and wellness.

I was proud to represent AMWA at the American College of Physicians meeting and at Vision 2020’s 4th national congress in Philadelphia. It is an honor and a privilege to work with and represent the diverse, multispecialty group of leaders and members of AMWA. I ask each of you to continue to lead with your heart; your passion to support AMWA’s mission and vision is vital as we grow exponentially as an organization. As women of today with a wealth of experience from the past and a lens for the future, we have no limits. Our passion and drive as a group and as individuals allow us to surpass our goals and blaze the trail we envision together!

I am looking forward to meeting with you again at our much anticipated centennial meeting, which will be held at the historic Palmer House Hilton in Chicago from April 23-26, 2015. If you are interested in applying for fellowship status with AMWA, please visit us online for the application and for further information. Our inaugural class of fellows will be inducted at our historic centennial meeting during our gala. Please also plan on attending our Women in Medicine reception on Saturday September 27, 2014 at the Alpine Jaguar showroom in Fort Lauderdale, Florida. Visit our website for more details on registration for these events and to learn more about avenues to get involved in AMWA. Together we will propel AMWA to new heights and convert conversation into action!

Farzanna S. Haffizulla, MD, FACP
AMWA President
Welcome AMWA students!

I am thrilled to begin a groundbreaking new year with you as we enter AMWA’s 100th anniversary. It’s sobering to look back at all that women have fought for since AMWA’s inception in 1915. I am constantly humbled to see the strides that our AMWA members have accomplished, and I know that with your support and innovation, the AMWA Student Division will continue this courageous legacy onwards into the next century.

My goal for the upcoming year leading up to the Centennial Meeting is to have the Student Division act as the place where you feel most comfortable and supported while you go through your years of school. Is there a women’s health issue that you want to promote? Join a working committee to create and spearhead a nationwide advocacy initiative. Already dreading studying for boards? Let us give you advice on resources to use, and then provide you with discounts on those tools. Need a hand battling the wards? Read up on our many guides on how to tackle medical school year by year. Interested in traveling abroad and confronting some of the world’s toughest issues for women in need? Become an AMWA Global Health Fellow and be supported in your quest to do good.

Our nationwide Mentorship Network between physicians, residents and students is also heading into a major revitalization this year! Take this as an opportunity to widen your professional network with countless women who are committed to your success. Take on the challenge of going outside of your comfort zone to ask AMWA mentors how they have faced their own personal and professional hurdles. This is your chance to grow broader than the confines of your individual medical education, and I can promise that the relationships you make in AMWA will last well beyond your years of school.

Please never hesitate to reach out to me or anyone else on the national team to become involved, chat about AMWA, or offer feedback. Good luck out there and see you in Chicago for the Centennial Meeting!

Jackie Wong
AMWA Student Division – President

Letter from
AMWA Residency Division President

Dear Resident AMWA Members,

First let me thank each and every one of you for taking the initiative and time out of your hectic schedules to be a part of the American Medical Women’s Association. The residency division is here for you and to help to make your transition from medical student to resident and resident to attending as smooth as possible. Our goal is to provide you with valuable programs and resources to help you pursue all your aspirations and goals. Therefore, if at any time there are any ideas or needs that you have, please let any of the Resident Board Members know. We are here for you!

Over the past few years, the Residency Division has grown in leaps and bounds, and this year we are continuing the momentum. We started the year by adding five new regional directors, and each of them is more excited than the next to bring national programs to local branches. We are also partnering with the student division to enhance the mentoring program, and have instituted a new “Ask the Resident” Program, so that medical students have a forum to have their questions answered. We have added Resident Award Initiatives to help support and cultivate innovative resident ideas and projects. We have a growing awards program to honor YOU, and are strengthening the AMWA Resident Quarterly, a publication of YOUR ideas and works.

There is no limit to the potential that the Residency Division has! My charge for you is to join us. You have taken the first steps by becoming a member, but now take it a step further. If you have a passion for something, let us be the forum for you to pursue it. If you have a talent, let us showcase it. If you have an experience, let us share it. You are one of the brightest and gifted minds of our generation, and the AMWA Residency Division needs YOU! We look forward to hearing from you.

AMWA’s 99th Anniversary Meeting - A Resounding Success

Hundreds of members attended AMWA’s 99th Anniversary Meeting “Women in Medicine: Successfully Facing Future Challenges and Advances,” which was held at the Ritz Carlton Washington, DC, March 13-16, 2014. The program featured an outstanding speaker roster, including special guests Arianna Huffington (founder of Huffington Post) and Dr. Bernice Sandler (Godmother of Title IX). The conference began with Advocacy Day on the Hill, co-sponsored by the Society of Women’s Health Research (SWHR). During the training session, Congressman Erik Paulsen spoke to AMWA members about the importance of advocacy work. AMWA and SWHR members then formed teams to advocate for women’s health research, chronic disease prevention, and gender equity.

The two-day CME program highlighted new technological advances in medicine, women’s health, career development, and health policy. Distinguished speakers included Noreen Fraser (Noreen Fraser Foundation); Anthony Fauci MD (NIH); Julie Freischlag MD (UC Davis SOM); Kevin Grigsby DSW (AAMC); Sharonne Hayes MD (Women's Health Clinic, Mayo Clinic); Alexandra Heerdt MD, MPH (Memorial Sloan Kettering Cancer Center); Ardis Hoven MD (AMA); Louise Ivers MD, MPH (Harvard Medical School); Mark Kris MD (Memorial Sloan Kettering Cancer Center); Story Landis PhD (NIH); Daria Mochly-Rosen PhD (Stanford University); Joseph Mortati MBA (John Hopkins Carey Business School); Peggy Murray PhD (NIH); Richard Schlegel MD, PhD (Georgetown University Medical Center); Mark Tercek MBA (the Nature Conservancy); Vivian Pinn MD (NIH); Liise-anne Pirofski MD (Albert Einstein College of Medicine); Danielle Ofri MD, PhD (New York University School of Medicine); Amy Paller MD (Northwestern University Feinberg Medical School); Stephanie Pincus MD, MBA (Institute of Medicine); and Sofi Bergkvist (ACCESS Health International).

The 99th Anniversary Gala, held at the National Museum of Women in the Arts was a spectacular evening filled with inspiration and goodwill.

AMWA awards 2014 Glasgow-Rubin Certificates of Commendation for Academic Achievement

The American Medical Women’s Association awards the Glasgow-Rubin Certificates of Commendation for Academic Achievement to women graduating in the top ten percent of their medical school graduating classes. We also present a separate Certificate of Commendation for any woman who graduates first in her medical school class. AMWA awarded over 310 certificates of commendation to the 2014 graduation classes at over 40 medical schools. We take great pleasure in recognizing these outstanding women.

A.T. Still University-Kirksville College of Osteopathic Medicine presented the 2014 Glasgow Rubin Certificate Achievement Award during the annual Awards Banquet. Left to Right: Dr. Trish Sexton, Tiffany Hoyne, Christine Ku, Heather Curtis (not pictured Susan Kasza).

AMWA attends Broward County Medical Association’s ‘Pink Dress’ networking event

AMWA President Dr. Farzanna Haffizulla and Treasurer Dr. Shahnaz Fatteh attended the Broward County Medical Association’s “Pink Dress” event. Drs. Haffizulla and Fatteh along with Public Relations Co-chair, Dr. Lanalee Sam, successfully recruited new AMWA members.

AMWA Update

AMWA attends Vision 2020 in Philadelphia

Founded by Drexel University College of Medicine, Vision 2020 is a national coalition of organizations and individuals united in the commitment to achieve women’s economic and social equality. Together with national allies (of which AMWA is one), Vision 2020 represents over 20 million women and girls. Delegates come from all over the country, representing each of the 50 states.

The 4th National Congress was held in Philadelphia with the theme “Generations of Action.” Laura Bellows, past president of the American Bar Association, received the 2014 Visionary Award.

Dr. Farzanna Haffizulla (AMWA President) is a Florida State Delegate and will be working to create and promote leadership opportunities for women in medicine and striving to recognize excellence in leadership, clinical acumen, and education.

Dr. Eliza Chin (AMWA Executive Director) is a California State Delegate and will be working to equip young women physicians with the tools that they need to be successful in the workplace through seminars on negotiation, work-life balance, and career advancement.

AMWA Co-Sponsors MWIA Parallel Event at the United Nations Commission on the Status of Women

The MWIA parallel event, “Role of Women Physicians in Advancing MDGs 4 and 5 Globally” was held on March 11, 2014 and was organized by Drs. Satty Keswani and Mini Murthy. MWIA NGO reps to the UN and the AMWA National Coordinators for MWIA. Presenters included Dr. Satty Keswani; Dr. Kyung Ah Park (MWIA President); Dr. Gail Beck (MWIA Treasurer); Regional Vice Presidents Dr. Usha Saraiya (Central Asia Vice-President), Dr. Mercedes Viteri (Latin America Vice-President), and Dr. Christiane Pouliart (Southern Europe Vice-President); Dr. Mini Murthy, Dr. Eleanor Nwadinobi, Dr. Eliza Chin (AMWA Executive Director) and Dr. Gabrielle Casper. The event was well attended by members of the international NGO committee, local physicians, students, and others. The event was co-sponsored by AMWA, Freedom from Fistula Foundation, National Council of Women USA, and Haddassah.

AMWA represented at ‘Go Red for Women’ in Fort Lauderdale, Florida

AMWA President Dr. Haffizulla, Treasurer Dr. Fatteh, Past President Dr. Galindo, Region 4 Governor Dr. Sam, and Dr. Shankar represented AMWA at the Broward County Medical Association’s event on June 4, 2014, supporting the “Go Red for Women” campaign to promote awareness of heart disease in women. Synergy between AMWA and both local and national organizations is imperative as we promote health and wellness for all.

A clip from the event can be viewed at:

AMWA signs National Coalition for Promoting Physical Activity (NCPPA) pledge

AMWA President Dr. Haffizulla signed the NCPPA pledge on behalf of AMWA to promote health, wellness and physical activity. The NCPPA pledge is a national campaign to align America’s organizational leaders around the importance of physical activity in the workplace.

AMWA Networking Alliance Meeting

AMWA’s Third Networking Alliance Meeting was held on March 15, 2014 during AMWA’s 99th Anniversary Meeting in Washington, DC. Leaders from the American Medical Association (AMA), American Medical Student’s Association (AMSA), Health Professional Education, Advocacy, Linkage (HEAL), Indiana University National Center of Excellence in Women’s Health, Medical Women’s International Association, National Physicians Alliance, Physicians for Reproductive Health, Society of Teachers of Family Medicine (STFM), Women in Medicine, and Women’s Dermatologic Society joined with AMWA representatives to discuss issues regarding the patient-provider relationship, sex and gender-specific medicine, human sex trafficking, gender equity in medicine, and gun control. The meeting led to increased collaboration along initiatives of mutual interest among the organizations.

AMWA participates in National Women’s Health Week, May 11-17

All AMWA branches were encouraged to participate in National Women’s Health Week. Approaches to participation focused on women’s health education, including talks and panels, distribution of brochures, or sponsorship of a talk, movie or documentary. Brochures on various women’s health topics are available on the AMWA website.

AMWA Releases Position Paper on Human Sex Trafficking

AMWA condemns human trafficking and considers it an egregious human rights violation. While trafficking is a global issue, this AMWA Position Paper addresses the problem of the trafficking of women and girls for commercial sex exploitation in the United States in an effort to provide information and recommendations for physicians and other healthcare providers who may be in a unique position to identify and care for these victims.

AMWA’s position papers on Human Sex Trafficking and other vital advocacy issues can be accessed at:

Task Force Updates

AMWA Gender Equity Task Force (GETF) speaks on negotiation, mentoring and workplace bullying

AMWA Leaders Dr. Suzanne Harrison and Dr. Roberta Gebhard attended the 47th Annual Spring Conference for the Society of Teachers of Family Medicine (STFM) in San Antonio, Texas from May 3-4, 2014. Dr. Harrison (AMWA Board of Directors, Human Trafficking Committee Co-Chair) was elected to serve as Co-Chair for the Group on Women in Family Medicine and Co-Chair for the Group on Violence Education and Prevention. Dr. Harrison is Associate Professor and Education Director for Family Medicine at the Florida State University College of Medicine.

Dr. Gebhard (AMWA Secretary, GETF Chair) led a seminar entitled “Women Don’t Ask: Negotiation Skills for Women Faculty” along with Dr. Harrison, Dr. Rachel Bramson (Texas A&M College of Medicine) and Dr. Memoona Hasnain (University of Illinois College of Medicine). The seminar included a review of the research about women and negotiation and useful strategies for successful personal and professional negotiation.

Dr. Gebhard presented a poster with Dr. Shalena Gallagher-Garza (AMWA Residency Division Advocacy Chair, GETF Co-Chair) entitled “Workplace Bullying Among Physicians: A Gender Focused Study.” Dr. Garza surveyed physicians regarding workplace bullying and found that women experience more mistreatment than men. Co-authors included Dr. Harrison, Dr. Linda Rouse (UT Arlington College of Social Work, GETF member), and Dr. Linda Wallace (Ohio State University College of Medicine). This work was sponsored by the Council on Academic Family Medicine (CAFM) Educational Research Alliance.

AMWA Stands Against Underage Drinking

The following letter by AMWA President Dr. Haffizulla was published in newspapers nationwide during April Alcohol Awareness Month:

Small talks with teens about drinking

As a parent and a doctor, I know the importance of talking with kids early and often about alcohol. Small talks can occur at the dinner table, in the family room or even during the car ride to school or practice. While you may think your kids are not listening, research shows parents have the greatest influence over a youth’s decision not to drink. Make clear your views and expectations about alcohol and always be a responsible role model. As your child matures, so should these discussions. Be mindful that most teens who drink get alcohol from their homes, at parties or from other adults. Keep track of the alcohol products in your home and be aware of your teen’s friends and activities. Youth are more likely to avoid alcohol when they have a strong bond with their parents based on trust and open communication. So keep talking.

Farzanna S. Haffizulla, MD, FACP
President, American Medical Women’s Association

AMWA’s 2014 Advocacy Timeline

AMWA has signed onto multiple letters aimed at improving women’s health and access to care. A summary of our current and past advocacy work can be accessed at:

http://www.amwa-doc.org/our-work/advocacy/timeline/

Preventative Medicine videos with Mission Critical Health

AMWA President Dr. Farzanna Haffizulla hosted a series of public service messages with Mission Critical Health. The videos can be viewed at:

**AMWA Resident Division Past President Dr. Kanani Titchen Honored with Medelita H.E.R.O. “Right – Fit” Award with $25,000 honorarium**

AMWA Resident Division Past President Dr. Kanani Titchen, a pediatric resident from Thomas Jefferson University Hospital-Nemours/Alfred I. duPont Hospital for Children was awarded a $25,000 honorarium to jumpstart her career and support her work in the area of human sex trafficking, an initiative she helped spearhead in AMWA. Dr. Titchen was chosen from over 200 resident doctors nationwide who were nominated and screened through Medelita’s “right fit” survey. Medelita, a company that designs performance lab coats and scrubs wanted to highlight physicians whom they felt had found the ‘right fit’ in their careers and in their personal causes. Dr. Titchen is a former actress who chose medicine as a second career. Her acting career also included teaching children to express themselves. Now that Dr. Titchen cares for children at the bedside, she urges physicians, residents and medical students nationwide to look for signs of child sex trafficking and to be front line responders.

Two other AMWA residents were also finalists for the 2014 Medelita H.E.R.O. award - Dr. Dyani Loo (Psychiatry, Albuquerque, NM) and Dr. Samantha Hill (Pediatrics, Philadelphia, PA).

**Dr. Kanani Titchen and Dr. Mary Becker Rysavy present study on human sex trafficking**

Dr. Kanani Titchen and Dr. Mary Becker Rysavy presented a study on human sex trafficking at the Pediatric Academic Societies conference in Vancouver. A survey of medical students, residents and practicing physicians showed that while a majority of physicians in all stages of training place importance on knowing about human trafficking, they lack knowledge about trafficking and are not familiar with existing resources. There is a need for physician-specific human sex trafficking education in U.S. medical schools, residency programs and hospital-based practices.

**AMWA’s First Chief Diversity Officer – Neelum T. Aggarwal, MD**

Dr. Neelum Aggarwal has been appointed to serve as AMWA’s first Chief Diversity Officer. In this role, Dr. Aggarwal will be responsible for ensuring that AMWA remains an active and inclusive member organization, which enables innovative programming by leveraging diversity at a true professional advantage. Dr. Aggarwal previously served two terms on the AMWA Board of Directors and actively advanced inclusion initiatives as Co-Chair of AMWA’s Mentoring Task Force. In her new role, Dr. Aggarwal will focus on defining strategic diversity and inclusion objectives alongside senior leadership, enhancing the diversity of AMWA’s leadership team, and recruiting and retaining diverse physicians, residents and medical students at all levels and medical specialties. She will also lead AMWA’s Diversity and Inclusion Committee Council and resource groups, all of which serve to strengthen recruitment, retention, community outreach and professional development.

**New Biography About Former AMWA Member, Dr. Janet Travell**

Dr. Janet Travell was a White House physician for President John F. Kennedy and a pioneer in trigger point therapy. This new biography, published by her daughter, tells about the life and career of this extraordinary physician.

Learn more about Dr. Travell at the following site: www.janetteravellmd.com

**AMWA Resident Division Past President Dr. Kanani Titchen Honored with Medelita H.E.R.O. “Right – Fit” Award with $25,000 honorarium**

AMWA Resident Dr. Arthy Saravanan crowned Mrs. India International

Dr. Arthy Saravanan (AMWA Resident Division board member) was crowned Mrs. India International 2014 in Atlanta, Georgia on May 3, 2014. She will be the face of married Indian women in the global finals of Mrs. International 2014 in Florida, the oldest pageant in the world for married women. The pageant will be showcasing the accomplishments of today’s married women. As the newly crowned Mrs. India International 2014, Dr. Saravanan hopes to promote her platform on healthcare disparities among underprivileged children. She hopes to raise awareness on this issue, fundraise and donate to charities that support this cause, and volunteer her services and time as a physician to help underprivileged children receive adequate healthcare.

Dr. Farzanna Haffizulla Recognized for Outstanding Leadership

The International Women’s Leadership Association has recognized Dr. Haffizulla as a woman of outstanding leadership for her contributions to family, career and community.
