MIGRAINE CareLine

Providing Compassionate, Effective Support

At no cost to you, PAF case managers can:

- Work with provider or patient prior to expiring assistance programs to ensure continued access to prescribed medication
- Screen patient for eligibility and assist with enrolling in available prescription drug assistance programs
- Help navigate insurance processes including step therapy protocols and prior authorizations
- Educate on existing medication formulary and insurance benefit design
- Collaborate on filing insurance appeals for denied treatment and medications
- Locate available clinical trial options and screen for eligibility
- Guide patient through eligible workplace protections such as FMLA and ADA
- Give assistance engaging existing workplace benefits including short-term and long-term disability
- Assist with the Social Security Disability full application and appeal process
- Search for and enroll in health insurance coverage for uninsured patients or those with inadequate insurance coverage
- Find an in-network second opinion or headache specialist, and help patient understand benefits if there is not an in-network specialist
- Find emotional support resources and peer-support programs

The Migraine CareLine will provide assistance with navigating eligibility and enrollment in disability benefits and overcoming insurance coverage and financial burdens that impact patients access to care.
