Letter from the President

A Message to AMWA Members

A week ago, the Supreme Court made a decision that has left me feeling scared and heartbroken - for myself, my friends and family, for all healthcare providers, and for our patients. In the wake of this decision, national medical student leadership have organized a sign on letter to Congress, urging them to take specific actions to protect reproductive healthcare. I encourage you to read the letter, to share it with your fellow students and friends, and to add your own name if you wish.

For anyone looking for more information, a listening ear, or more ways to take action, please reach out anytime.

Yours,
