LEAVING A LEGACY
Yesterday’s Trailblazers. Today’s Leaders. Tomorrow’s Changemakers.

It is because of members like you that the American Medical Women’s Association (AMWA) continues to thrive. But we need your support to make a difference. AMWA’s guiding values reflect our commitment to foster a diverse community of women physicians who are transforming healthcare. Critical to this endeavor is your role in helping us to achieve equity across all sectors of health and medicine. Yet, physicians, particularly women, continue to be tested in unprecedented ways, underscoring the need to support AMWA more than ever before.

Together, with our members, we are changing the culture of medicine.

There are many ways to support our critical work this year and going forward. Partner with us to make a difference for women physicians and the communities they serve. Donations can be designated for specific areas reflecting AMWA’s mission or as an unrestricted gift. Naming opportunities are also available for larger gifts.

DONATE NOW

You Are the Voice of Women in Medicine

Here are some of the ways AMWA continues to ‘show up’ to have our voice heard on issues that matter to you:

• With the stunning overturn of Roe v. Wade, we reaffirmed our commitment to restore and protect reproductive rights. By co-founding the Reproductive Health Coalition, we present a unified voice in support of access to the full spectrum of reproductive care and the ability of physicians to practice, free of legislative or judicial interference.

• AMWA’s Gender Equity Task Force strives to advance workplace equity, address gender bias and discrimination, and close the gender gap in healthcare leadership.

• AMWA offers dynamic and innovative programs to explore issues not typically addressed during medical training. We are committed to nurturing healthcare leaders of the future who are prepared to challenge the status quo and lean into compassionate care.

• The health of women in medicine remains core to AMWA’s work, including under-recognized issues such as physician well-being and caregiving, as well as menopause and infertility, and the impact of sex and gender specific outcomes.

DONATE: bit.ly/donateamwa
Advocacy efforts by AMWA are driven by the needs of our members. For me, it was advocating for public health measures during the COVID-19 pandemic and then reproductive healthcare access after the fall of Roe. AMWA’s leaders and members work hard to amplify your voices on key issues such as gender equity, women’s health, firearm safety and many others that affect women physicians. With your support, we can continue to advocate for changes that matter to us and create a better future for all. I hope you will help us make a difference by donating today and thank you.

Katrina Green, MD
Advocacy Co-Chair, American Medical Women’s Association

What have I found in AMWA? Inspiring leaders who embody integrity, service, and excellence, a community of committed and passionate individuals coming together to advance women in medicine, and a supportive family that provides encouragement, guidance, and love. My AMWA family has been a blessing. I couldn’t ask for more!

Vidhya Prakash, MD
Board Member, American Medical Women’s Association

As you can see, your gift to AMWA can make a tangible difference in cultivating a better future for women in medicine and healthcare. Here are some ways you can specify any donation to be allocated:

### The Vision Fund

Unrestricted donations ensure implementation of a dynamic agenda committed to advancing women in medicine, advocating for equity, and ensuring excellence in healthcare.

### American Women’s Hospitals Service

AMWA provides global aid through our charitable program, the American Women’s Hospitals Service (AWHS), which has been supporting communities at home and abroad since World War I.

### Future Generations Fund

Donations will support programming to foster the professional growth of students, residents, and fellows, through mentorship, coaching, scholarships, grants, and awards.

If you are looking for other specific AMWA funds, please visit AMWA Donation Funds. bit.ly/amwafunds

### Donation of Securities

Gifts of appreciated publicly traded securities held more than one year are a wonderful way to contribute to AMWA and may have tax saving benefits. These gifts may be fully tax-deductible at the fair market value on the date your gift is received, thus potentially avoiding capital gains tax (please consult a tax professional for details). As a 501(c)(3) charitable organization, AMWA can sell donated securities tax-free and use 100% of your gift towards the fund you select. Please contact Rick Berry to give in this way. Rick.Berry@morganstanley.com

Thank you in advance for your donation. Together we can transform the future of medicine. For more information on giving opportunities, please contact Linda Calandra. lcalandra@AMWA-doc.org
