**Labor trafficking**: the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery

State Policies

Remember to consult with your patients about your concerns using trauma-informed care and respect patients’ autonomy.

Doctors, nurses, and social workers are mandatory reporters of all violations of human rights. Providers must get patient permission to report or call if 18+; it is a violation of privacy rights to report without consent.

Under 18:
Pennsylvania does mandate immediate reporting to the Department of Human Services via the statewide toll-free telephone number or a written report using electronic technologies mandated reporter making an oral report shall also make a written report within 48 hours to the department.
Hotline: 1-800-373-7888

18 and over: Pennsylvania does not mandate reporting of trafficking of adults unless patient is a vulnerable adult protected under APS (call 1-800-490-8505). All other reporting should only be done with either patient consent or per HIPPA Privacy Rule regulations, if concern for imminent harm.
